

Spring 2

Trip to Longdown Activity Farm

We had an amazing time learning how to be a farmer.

First we had to look after the chicks.

Next we fed the big goats; they were very hungry and gobbled all their food up.

Then we had to feed the kids with bottles of milk like a baby.

After that the pigs needed feeding.

It wasn't all work, work, work; we also had a lot of fun in the straw barn playing on the straw bales, sliding down the slides and having our lunch.

What a busy day!
