

General Guidance

Original risk assessments must be kept for a period of 7 years. On completion a hard copy should be printed off and placed in your local/site health and safety folder.

Risk	<p>Covid-19: Bursledon Federation is following the guidance and information provided by Public Health England and the DfE (1). This assessment records site specific arrangements.</p> <p>Risk Assessment for the opening of schools to all pupils from September 2020</p>
-------------	---

What are the hazards?	Who might be harmed and how?	What are you already doing (existing Control Measures)?	Do you need to do anything else to manage this risk (Additional Control Measures)?	Action by whom?	Action by when?	Done
1) Underlying Health conditions	Staff, pupils, or visitors who have underlying health conditions could contract Covid-19 and suffer harm as a result	<ul style="list-style-type: none"> • All staff members have been contacted and asked to inform the school of any underlying health conditions. • Staff identified as 'extremely clinically vulnerable' will have their own individual Risk Assessment.. This includes pregnant members of staff. • Staff are allowed to wear PPE when in school if they wish • Issuing of all relevant risk assessments to staff concerning re-turning to work – and allow them to comment and contribute 	<ul style="list-style-type: none"> • Continue to monitor the health and identified risk levels of staff and children as an ongoing process 	SLT CH to complete pregnancy risk assessments	Ongoing

What are the hazards?	Who might be harmed and how?	What are you already doing (existing Control Measures)?	Do you need to do anything else to manage this risk (Additional Control Measures)?	Action by whom?	Action by when?	Done
		<ul style="list-style-type: none"> There will be a minimum of visitors to the school and any people entering the site will be asked at the office to declare their level of vulnerability. 				
2) Group transmission of the virus due to lack of room in classrooms	Staff and pupils	<p>WE HAVE TO ACCEPT THAT CHILDREN OF THIS AGE WILL NOT ADHERE TO SOCIAL DISTANCING BETWEEN THEMSELVES OR ADULTS</p> <p>CLOSE CONTACT</p> <ul style="list-style-type: none"> direct close contacts – face to face contact for any length of time, within 1 metre, a face to face conversation, or unprotected physical contact (skin-to-skin) proximity contacts – extended close contact (within 1 to 2 metres for more than 15 minutes) <p>These control measures are to encourage space between children and children and adults where possible.</p> <p>BUBBLES</p> <ul style="list-style-type: none"> Children and teachers will be in Class bubbles for the majority of the day 	<ul style="list-style-type: none"> Classroom arrangements to remain under continual review to assess whether further changes are necessary Review of Behaviour Policy Write Individual RAs for key pupils identified by staff 	<p>SLT</p> <p>Teachers</p> <p>SLT</p>	Ongoing	

What are the hazards?	Who might be harmed and how?	What are you already doing (existing Control Measures)?	Do you need to do anything else to manage this risk (Additional Control Measures)?	Action by whom?	Action by when?	Done
		<ul style="list-style-type: none"> • Children will continue to operate in class bubbles when outside of the building at play and lunchtimes • Staff can chose to wear face masks. However, the Government is not recommending universal face coverings in all schools. They would need to be used appropriate to avoid transmission. Safe wearing and removal of face coverings will be communicated to pupils and staff (7) • Teaching staff may choose to mark out an area of their classroom that sets out 2m distancing between themselves and pupils • Teachers to avoid 'close contact' with children and other members of staff as much as possible • Where children are distressed this will be managed in a way that avoids face to face contact • Where possible staff to teach from the front, back or side of the classrooms • Lessons planned for individual work where possible • Regular seating plan for when sat at tables 		Individual class teachers		

What are the hazards?	Who might be harmed and how?	What are you already doing (existing Control Measures)?	Do you need to do anything else to manage this risk (Additional Control Measures)?	Action by whom?	Action by when?	Done
		<ul style="list-style-type: none"> • <i>Regular seating plan for when sat on the carpet and as spread out as much as possible</i> • <i>Movement around the classroom will be as controlled as possible ie. When collecting resources</i> • <i>Maintain good ventilation in the classrooms – windows opened</i> • <i>PE lessons to be conducted outside for the at least the first half term and then reviewed</i> • <i>The removal of excess furniture in classrooms and in corridors</i> • <i>Staff and children to agree ‘Success Boards’ to help establish social distancing expectations in the bubble.</i> • <i>Children to be ‘trained’ in the concept of ‘personal space’ and ‘social distancing’ and encouraged to avoid close contact which each other as much as possible</i> • <i>Resources and activities planned to reduce shared contact and individual learning</i> • <i>Children to have their own individual resources pack</i> 				

What are the hazards?	Who might be harmed and how?	What are you already doing (existing Control Measures)?	Do you need to do anything else to manage this risk (Additional Control Measures)?	Action by whom?	Action by when?	Done
		<ul style="list-style-type: none"> • <i>Staff to stay at adult height – no requirement for getting to child level for interactions</i> • <i>Interactions carried out from a distance wherever possible</i> • <i>Outdoor learning opportunities to be maximised</i> • <i>Although brief transitory contact, such as passing in a corridor to visit the toilet, is considered low risk, the children will be ‘trained’ in using left hand side of the corridors when walking.</i> • <i>Lunch boxes to be stored under children’s tables</i> 				
3) Coming into contact with an individual with Covid-19	Staff and pupils	<p>The main symptoms of coronavirus are currently stated as:</p> <ul style="list-style-type: none"> • high temperature – this means you feel hot to touch on your chest or back (you do not need to measure your temperature) • new, continuous cough – this means coughing a lot for more than an hour, or 3 or more coughing episodes in 24 hours (if you usually have a cough, it may be worse than usual) 	<i>SLT continue to review Government guidance in order to implement any changes</i>	SLT	<i>Ongoing</i>	

What are the hazards?	Who might be harmed and how?	What are you already doing (existing Control Measures)?	Do you need to do anything else to manage this risk (Additional Control Measures)?	Action by whom?	Action by when?	Done
		<ul style="list-style-type: none"> • loss or change to your sense of smell or taste – this means you’ve noticed you cannot smell or taste anything, or things smell or taste different to normal • If member of staff is unwell and not fit for work then they will stay at home. If they are displaying symptoms of coronavirus they will follow self-isolation guidelines (1) and take a test ASAP. • If a member of staff becomes unwell with symptoms of coronavirus during the day they will avoid contact with others and go home. They will follow self-isolation guidelines (1) and take a test ASAP. Other members of their household should self-isolate for 14 days from when the symptomatic individual first had symptoms. • If a child becomes unwell with symptoms of coronavirus during the day they will be isolated (designated hub area) while waiting to be collected to go home. They will follow self-isolation guidelines (1) and take a test ASAP. Other members of their household (including siblings) should self-isolate for 14 days from 				

What are the hazards?	Who might be harmed and how?	What are you already doing (existing Control Measures)?	Do you need to do anything else to manage this risk (Additional Control Measures)?	Action by whom?	Action by when?	Done
		<p>when the symptomatic individual first had symptoms.</p> <ul style="list-style-type: none"> If a member of staff is living in a household with someone with coronavirus symptoms they must self-isolate for 14 days from when the individual was first symptomatic. <p>Response to any infection</p> <p>Engage with the NHS Test and Trace process</p> <ul style="list-style-type: none"> Staff will book a test for coronavirus if they are displaying symptoms (5). Staff will provide details to their local Public Health England team of anyone they have been in 'close contact' with if they test positive for coronavirus (Covid-19) or if asked by NHS Test & Trace (6). If a member of staff tests negative, if they feel well and no longer have symptoms similar to coronavirus (Covid-19), they can stop self-isolating. They could still have another virus and still avoid contact with others until they are better. Other members of the household can 				

What are the hazards?	Who might be harmed and how?	What are you already doing (existing Control Measures)?	Do you need to do anything else to manage this risk (Additional Control Measures)?	Action by whom?	Action by when?	Done
		<p>stop self-isolating. If well enough the adult can return to school.</p> <ul style="list-style-type: none"> • If a member of staff tests negative, but continues to have symptoms of coronavirus (Covid-19), they can not stop self-isolating. Advice will be sought from the local health protection team • Parents will book a test for coronavirus if their child displays symptoms (5). • Parents will provide details to their local Public Health England team of anyone they have been in 'close contact' with if they test positive for coronavirus (Covid-19) or if asked by NHS Test & Trace (6). • Parents will inform the school immediately of any test results. • If a child tests negative, if they feel well and no longer have symptoms similar to coronavirus (Covid-19), they can stop self-isolating. They could still have another virus and still avoid contact with others until they are better. Other members of the household can 				

What are the hazards?	Who might be harmed and how?	What are you already doing (existing Control Measures)?	Do you need to do anything else to manage this risk (Additional Control Measures)?	Action by whom?	Action by when?	Done
		<p>stop self-isolating. If well enough the child can return to school.</p> <ul style="list-style-type: none"> If a child tests negative, but continues to have symptoms of coronavirus (Covid-19), they can not stop self-isolating. Advice will be sought form PHE <p>Manage confirmed cases of coronavirus (Covid-19) amongst the school community</p> <p>School will actively seek advice on managing incidents of positive test results from the local Health Protection Team</p> <ul style="list-style-type: none"> If school is aware that a member of the school community has tested positive for coronavirus (Covid-19) they must contact the local health protection team. If a member of staff has tested positive for coronavirus (Covid-19) they must follow the stay at home guidance (2) and self-isolate for at least 10 days from the onset of symptoms. Other members of their household should continue self-isolating for the full 14 days. 				

What are the hazards?	Who might be harmed and how?	What are you already doing (existing Control Measures)?	Do you need to do anything else to manage this risk (Additional Control Measures)?	Action by whom?	Action by when?	Done
		<ul style="list-style-type: none"> • If a member of staff has tested positive for coronavirus (Covid-19) then the school will send home those people who they have been in close contact with advising them to self-isolate for 14 days. If this member of staff is in a class 'bubble' then all members of the class 'bubble' will be sent home to self-isolate for 14 days. • Household members of those contacts who are sent home do not need to self-isolate themselves unless the contact member themselves then develops symptoms. • If a child has tested positive for coronavirus (Covid-19) they must follow the stay at home guidance (2) and self-isolate for at least 7 days from the onset of symptoms. Other members of their household should continue self-isolating for the full 14 days. • If a child has tested positive for coronavirus (Covid-19) then the school will send home those people who they have been in close contact with advising them to self-isolate for 14 days. All members of the child's class 'bubble' will be sent home to self-isolate for 14 days including members of staff. 				

What are the hazards?	Who might be harmed and how?	What are you already doing (existing Control Measures)?	Do you need to do anything else to manage this risk (Additional Control Measures)?	Action by whom?	Action by when?	Done
		<ul style="list-style-type: none"> Household members of those contacts/members of the 'bubble' who are sent home do not need to self-isolate themselves unless the contact/'bubble' member themselves then develops symptoms. 				
4) Lack of social distancing using toilets and poor hygiene resulting in direct and indirect transmission of the virus	Staff and pupils	<ul style="list-style-type: none"> <i>Staff to use a system that it is understood by the children in order to ensure that one child per bubble uses the toilet at one time</i> <i>Hand gel used after toilet use as well as washing hands in the toilet</i> <i>additional signage in toilet re. washing hands</i> <i>Wedges for the toilet external toilet doors if not fire doors</i> <i>Extra soap and paper towels ordered to ensure we do not run out</i> <i>Children 'trained' in importance of handwashing and will wash their hands frequently throughout the day</i> <i>Clipboards sited outside each toilet to demonstrate when they were last cleaned</i> 	<ul style="list-style-type: none"> <i>SLT responsible for monitoring the use of the toilets initially and to assess issues</i> <i>Bubble staff to monitor effectiveness of control measures</i> <i>Site manager to monitor stock levels of cleaning materials, soap, paper towels etc. and ensure that there is always sufficient available</i> 	SLT Bubble staff	Ongoing	

What are the hazards?	Who might be harmed and how?	What are you already doing (existing Control Measures)?	Do you need to do anything else to manage this risk (Additional Control Measures)?	Action by whom?	Action by when?	Done
<p>5) Lack of social distancing waiting to enter classroom in morning and collecting children in the afternoon resulting in direct transmission of the virus</p>	<p>Staff, pupils and parents</p>	<p>Additional Guidance to be adhered to by all contained in <i>Bursledon Federation Exit and Entry Plan</i></p> <ul style="list-style-type: none"> • <i>Staggered starts and ends to the school days to keep groups apart</i> • <i>Parents will be informed that they are not allowed to enter the classrooms at drop off and pick up times</i> • <i>Advice shared with parents re. maintaining social distancing when travelling to and from school and on the school grounds. Non-compliance with rulings could result in being banned from the school site.</i> • <i>One parent only to drop/pick-up children and discourage being accompanied by siblings</i> • <i>Instructions shared re social distancing between families in the morning with parents and children</i> • <i>Signage for parents and children displayed outside the classroom</i> • <i>HT & SLT to be on duty to supervise</i> 	<ul style="list-style-type: none"> • <i>SLT to monitor routines and make changes where necessary</i> 	<p><i>SLT</i></p>	<p><i>Ongoing</i></p>	

What are the hazards?	Who might be harmed and how?	What are you already doing (existing Control Measures)?	Do you need to do anything else to manage this risk (Additional Control Measures)?	Action by whom?	Action by when?	Done
6) Risk of spreading virus due to poor pupil hygiene resulting in indirect transmission of the virus	Staff and children	<ul style="list-style-type: none"> • <i>Wearing of face masks is not recommended –Primary school children will not need to wear a face covering.’</i> • <i>If children arrive at school wearing face masks they will be asked to place these in a plastic bag that will be sealed until the end of the school day when the mask will be returned.</i> • <i>Hand gel dispensers at the threshold of each classroom</i> • <i>Hand gel ordered in large quantities</i> • <i>Handwashing PHSE lessons, songs and rhymes</i> • <i>Children handwash or hand gel on entry to school, before break, after break, before lunch, after lunch, leaving school, using the toilet and any time they cough or sneeze</i> • <i>Washing hands posters in all washing areas</i> • <i>Reminders how to wash hands properly – videos and posters</i> 	<ul style="list-style-type: none"> • <i>SLT to monitor the implementation of the control measures</i> • <i>CH to monitor the levels of cleaning products in conjunction with Site Staff</i> • <i>Order and distribute freezer bags</i> • <i>CH to look into buying /hiring extra sinks</i> 	<p>SLT</p> <p>Teachers</p> <p>CH</p> <p>Jack and Sue</p>	Ongoing	

What are the hazards?	Who might be harmed and how?	What are you already doing (existing Control Measures)?	Do you need to do anything else to manage this risk (Additional Control Measures)?	Action by whom?	Action by when?	Done
		<ul style="list-style-type: none"> • Procedure agreed for children to wash hands so thorough hand washing Promotion of good respiratory hygiene through the 'catch it, kill it, bin it' approach • Provide stocks of disposable tissues in classrooms • Provide a lidded bin in each classroom near the exit – this will be emptied during the day • Staff members will avoid touching their mouths, eyes and noses when in school and encourage children to do the same. • Staff will cover their mouths and noses with disposable tissues when they cough or sneeze • If tissues are not available staff should sneeze into the crook of their elbow, not into their hands. • Staff will then immediately clean their hands with soap and water or hand sanitiser 				

What are the hazards?	Who might be harmed and how?	What are you already doing (existing Control Measures)?	Do you need to do anything else to manage this risk (Additional Control Measures)?	Action by whom?	Action by when?	Done
		<ul style="list-style-type: none"> • Staff members will expect children to follow the same hygiene habits as above 				
7) Lack of social distancing during playtimes and lunchtimes resulting in direct transmission of the virus	Staff and pupils	<ul style="list-style-type: none"> • Staggered playtimes and/or allocated play area in the first instance • Reduced playtime equipment – hard surfaces and can be easily cleaned. Equipment allocated to each bubble and not shared across the Year Group • Games discussed which encourage social distancing • Staff supervision throughout – actively encouraging and insisting on social distancing • Lunchtimes to be staggered. Each bubble to have an allocated lunchtime supervisor. 	<ul style="list-style-type: none"> • SLT to monitor the effectiveness of the arrangements 	<ul style="list-style-type: none"> • SLT 	Ongoing	
8) Lack of social distancing when eating lunch resulting in direct	Staff and pupils	<ul style="list-style-type: none"> • Children eat in their classrooms spaced apart or in the outside environment spaced apart • Lunchtimes will be staggered and outside areas designated for each class bubble 	<ul style="list-style-type: none"> • Monitor effectiveness of provision and outside spacing arrangements 	<ul style="list-style-type: none"> • Bubble staff • SLT 	Ongoing	

What are the hazards?	Who might be harmed and how?	What are you already doing (existing Control Measures)?	Do you need to do anything else to manage this risk (Additional Control Measures)?	Action by whom?	Action by when?	Done
transmission of the virus		<ul style="list-style-type: none"> • Children will eat their own packed lunches. School dinner will be hot and cold options • Meals brought to their classrooms • Hot meals will be trialled by the new to Year R intake. Children will eat spaced out in the hall. 				
9) Contact of shared resources resulting in indirect transmission of the virus	Staff and pupils	<ul style="list-style-type: none"> • Resources washed in a bleach based solution regularly • Tables, door handles and other surfaces cleaned with bleach based solution every night • Tables will be cleaned at lunchtime before children eat • Anti-viral spray to be safely stored in each room and used as and when needed by staff members • Resources on tables ready for lesson and children have restricted choice of resources • Children encouraged to wash hands / use hand gel before lessons and after each lesson 	<ul style="list-style-type: none"> • Bubble staff to maintain routine and report on issues to SLT • SLT to finalise timetable for lunchtime cleaning • JS to create COSH paperwork for local storage of cleaning materials 	<ul style="list-style-type: none"> • Bubble staff • SLT • Site Staff 	Ongoing
