

Spring 2

We have been learning all about the USA as we have been planning a trip around the states. We have learnt about different famous landmarks we might see and have composed emails to hotels and companies to ask questions to help us organise our trip.

More recently, we have been learning about different Native American tribes and been reading traditional Native American stories. Next, we will be writing our own Native American stories and will be sharing them with our parents and carers in our school Tee Pee.
